DELINQUEST TAX LIST .- The Democrat of last week, contains the Delinquent Tax List. Lest year the Auditor, who was then one of the editors and proprieters of that paper, and is now editor, concluded to make at least a show of fairness, and let the job of printing out to the lowest bidder. Mr. Burns, editor of the Banner offered to do it for fifty dollars, and got the job. No such opportunity was given this year. Had it been the poor delinquent would probably have been saved a few dimes. The clique het time paid for has expired, and a renewa is solicited. This, however, as a general rule only applies to papers sent out of the county have come to the conclusion, we suppose. that it is their right and privilege to get as much of the spoils of office as possible, and that the poor delinquent should be made to contribute his portion to- room over Pershing & Co's. They will soon, or do already, perhaps, want slaves to black their boots, build their fires, and drive their coaches. We infer thus much from the favor with which they seem to regard slavery, and the apologies they and their party make for the peculiar institution. "There is but little difference," we have often heard individuals of the party remark, "between the poor white man of the North and the black slave of the South." Many of them think the difference is in favor of the latter. The poor white man of the North and the poor delinquent are thus enabled to perceive the estimation in which they are held-one regarded as in a worse condition than the Southern negro slave, and the other bound to contribute to the support of the clique-by these pretended lovers of the 'dear peo becoming too transparent to deceive any one much longer. They are only made for self-interest. It enables them to fleece the people and get their arms into the public purse, and that is about all they care for. "To the victors belong the spoils," is the sum and substance of s'ie party creed, with them.
